Customisation techniques

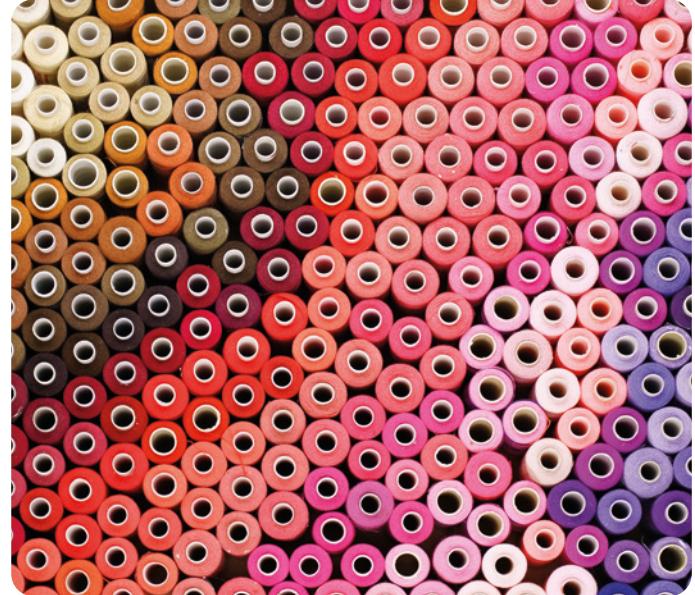

Embroidery is the most popular and effective way to customise headwear.

Choosing the right thread quality and colours is key, these small details make a big difference on the final look and feel of your headwear. Since embroidery is one of the most used techniques, we offer a wide selection of threads to ensure a clean and professional finish.

High quality threads

Our embroidery is done with high-quality polyester threads, ensuring both strength and durability for long-lasting results. These threads maintain their vibrant colour and resist fading, even with frequent wear and washing.

Wide range of thread colours

Logos can be embroidered using up to 8 colours. We offer 60 (and counting) colour options from stock and can accommodate any specific request within our yourChoice offer, thanks to our selection of 500 available colours.

Multiple printing techniques possible

Create the ultimate design that suits your brand best by combining multiple printing techniques.
