WIRELESS EARBUDS

URBAN VITAMIN

Urban Vitamin is a high-end electronics brand, specially developed for the generation that grew up with the mobile lifestyle. We stand for innovative items of a high quality level that last longer than the average trend. By using clean materials with an honest story.

Our trendy products make the life of young urbans who are much 'on the go' easier and more enjoyable. The range consists of mobile essentials to listen to your favorite music or charge your mobile. Did you know that each item is named after an urban and sunny California travel destination, home to technology and innovation? We always make sure the latest technology is used in your product.

Urban Vitamin makes products that are wanted by the generation of the future and made to be enjoyed for a long time. By using clean materials and collaborating with ethical suppliers, Urban Vitamin always makes conscious choices when developing our products. Did you know we removed all PVC both in and outside your product? Our inner packaging is 100% plastic free and completely made from paper. If you wish to dispose this box please do so at your local recycle point.

**Enjoy your daily dose
of Urban Vitamin!**

Use your products longer with easy repairs

We understand that even the best products may need a little care over time. That's why Urban Vitamin offers a seamless process for ordering spare components. Should you need to replace a part, simply visit the Urban Vitamin website to request the necessary components.

Our commitment to ease of use means most repairs can be done without a screwdriver or any other tool. To further assist you, our website features easy-to-follow repair video guides, ensuring that maintaining your Irvine headphones or Lakewood earbuds is as straightforward as possible.

Reduced plastic box

Our inner packaging is 100% plastic free and completely made of paper.

Unbox the fun

Create your own bespoke tech-set in a custom design box

- Pick your favourite gifts from the Urban Vitamin collection
- Add your personal touch to the gifts and the packaging
- Your fully customised boxes can be dropshipped

GaN technology

Aiming to minimise our footprint where possible, we have embraced new GaN technology for our latest products. Chargers with this technology are smaller, have better charging performances and enjoy a longer lifespan.
